- Warszawa

SKILLS

- JavaScript/TypeScript
- NodeJS
- NestJS
- Google Cloud
- Postgresql/MongoDB
- Prisma/Mongoose
- REST API
- JWT
- CRUD
- Microservices
- Socket.io
- Docker
- Redis
- ReactJS
- SOLID Principles
- Design Patterns

EDUCATION

SECONDARY TECHNICAL

- Kyiv Rih College of National Aviation University 2007-2011
- Programming for computer technology and automated systems

LANGUAGES

- Ukrainian (native)
- English (B2)
- Polish (B1)

PROFILE

I specialize in building server-side applications using Node.js and the modern NestJS framework. My experience includes developing scalable, efficient APIs to facilitate communication between clients and servers. I work with MongoDB and PostgreSQL databases to organize and store data. I am dedicated to exploring new technologies and implementing best practices to ensure I stay up-to-date with the latest backend development trends..

EXPERIENCE

BACKEND DEVELOPER

BSPCompany

2022 - 2024

- Development of back-end systems for web applications, utilizing Node.js and NestJS.
- Collaborated with front-end teams to create seamless client-server communication through RESTful APIs.
- Designed, optimized, and managed MongoDB and PostgreSQL databases to ensure efficient data storage and retrieval.
- Implemented code refactoring to enhance performance and scalability of applications.
- Integrated third-party services using Google Cloud and Socket.io for real-time updates and communication.
- Developed microservices architecture for modular and maintainable codebases.
- Ensured the security of applications through JWT authentication and adherence to SOLID principles.
- Proactively researched and adopted new technologies to stay updated with industry trends and best practices.
- Delivered detailed technical documentation and supported deployment processes using Docker and cloud services.

INSTALLER ADVERTISING

Sienna

2017 - 2021

- Installed and maintained outdoor advertising structures.
- Handled banner installations and regular maintenance.

SYSTEM ADMINISTRATOR

Sienna

2016 - 2017

- Configured network systems and maintained hardware.
- Administered Windows operating systems and handled routine IT support tasks.

SALES MANAGER OF PETROLEUM PRODUCTS

SUNGAS

2014 - 2016

- Managed sales and financial operations in the petroleum sector.
